

Leap Local supports local travel guides and services around the world.

We believe in freedom to travel knowing local people matter.

www.leaplocal.org

If your travel guide/service gives you this card, they are asking you for a review.

Why bother leaving a review?

1. Most travellers find a review from a fellow traveller very useful.
2. Many guides/services find it difficult to demonstrate how good they are, which affects their livelihood.

Leap Local is not just an online organisation, we work with people offline too.
